SCHEDULE 7.13(b) – Member Hospital Facility Services

The McDowell Hospital, Inc.

- Emergency Services
- OB/GYN Services
- Surgical Services
- Acute Medicine Services

Angel Medical Center, Inc.

- Emergency Services
- Surgical Services
- Acute Medicine Services

Blue Ridge Regional Hospital, Inc.

- Emergency Services
- Surgical Services
- Acute Medicine Services

Highlands-Cashiers Hospital, Inc.

- Emergency Services
- Surgical Services
- Acute Medicine Services
- Eckerd Living Center (Skilled Nursing Facility)

Transylvania Community Hospital, Inc.

- Emergency Services
- Surgical Services
- Acute Medicine Services
- Transitional Care Unit (Skilled Nursing Facility)

“Emergency Services”, with respect to The McDowell Hospital, Inc., means 24-hour emergency services required to be provided by a general acute care hospital pursuant to 10A NCAC 13B .4102 through .4110 at least at the same classification level (as defined in 10A NCAC 13B. 4102) as provided on the Closing Date.

“Emergency Services”, with respect to Angel Medical Center, Inc., Blue Ridge Regional Hospital, Inc., Highlands-Cashiers Hospital, Inc. and Transylvania Community Hospital, Inc., means requiring that facility personnel are capable of initiating life-saving measures at a first-aid level of response for any patient or person in need of such services on a 24-hour basis. This shall include:

- (1) initiating basic cardio-respiratory resuscitation according to American Red Cross or American Heart Association standards;
- (2) availability of first-line emergency drugs as specified by the medical staff;
- (3) availability of IV fluids and supplies required to establish IV access; and
- (4) establishing protocols or agreements for the transfer of patients to a facility for a higher level of care when these services are not available on site.

“Surgical Services” means, with respect to any Member Hospital Facility, providing surgical procedures that require one or more incisions in operating rooms or procedure rooms that comply with applicable hospital licensure codes and standards of NC Gen Stat 131E-175 et seq. (the “Hospital Licensure Act”) at a level of service determined by Buyer in its reasonable discretion, with reasonableness determined by (i) the ability to provide such services at such Member Hospital Facility at a Level of Safety and Quality that is at least equal to, or better than, the median Level of Safety and Quality at any other similarly situated facilities owned and operated by Buyer or any of its Affiliates and (ii) the active medical staffs in good standing of the applicable Member Hospital Facility having qualified, available physicians and/or clinical staff necessary for Buyer or any of its Affiliates to provide such services.

“OB/GYN Services” means providing the following capabilities and minimum services:

- (1) identification of high-risk mothers and fetuses;
- (2) continuous electronic fetal monitoring;
- (3) cesarean delivery capability within 30 minutes of decision;
- (4) blood or fresh frozen plasma for transfusion;
- (5) anesthesia on a 24-hour or on-call basis;
- (6) radiology and ultrasound examination;
- (7) stabilization of unexpectedly small or sick neonates before transfer;
- (8) neonatal resuscitation;
- (9) laboratory services on a 24-hour or on-call basis;

- (10) consultation and transfer agreements;
- (11) assessment and care for the neonates; and
- (12) nursery or other appropriate space for care of the neonates.

“Acute Medical Services” means the provision by a licensed hospital of diagnostic services and therapeutic services for medical diagnosis, treatment and care of injured, disabled or sick persons requiring an inpatient admission to the hospital at a level of service determined by Buyer in its reasonable discretion, with reasonableness determined by (i) the ability to provide such services at such Member Hospital Facility at a Level of Safety and Quality that is at least equal to, or better than, the median Level of Safety and Quality at any other similarly situated facilities owned and operated by Buyer or any of its Affiliates and (ii) the active medical staffs in good standing of the applicable Member Hospital Facility having qualified, available physicians and/or clinical staff necessary for Buyer or any of its Affiliates to provide such services.

“Eckerd Living Center (Skilled Nursing Facility)” means operating a nursing home licensed pursuant to the Nursing Home Licensure Act (N.C.G.S. Section 131e-100 et seq.).

“Transitional Care Unit (Skilled Nursing Facility)” means operating a nursing facility unit within a hospital licensed pursuant to the Hospital Licensure Act.
